How about Friday at 8;30?

Or 1:30...

Kirstin,

As usual too many weeks have passed since our last conversation on this. John Wieber and I spoke the other day about closing the loop on this with you. So, what I propose is that you and Brent and I talk about what we need to do next to follow up with where you left off, i.e., the location rectifying task.

Let us know what time / day would work yet this week.

Thanks,

Steve
